

**5 wounded and one killed a result of the targeting of aircraft and artillery of the Turkish occupation army on the village of Kakhra in the area of Mabata
02-3-2018**

Despite the UN Security Council resolution 2401, issued to stop the fire in Syria in general, Turkish occupation army is still bombing villages full of civilians in Afrin with the intention of displacing them from their homes and trying to increase pressure on the center of the city of Afrin that is oversized with housing in the crisis made by the Turkish occupation army and its allies.

Injured Reiber Hannan Emo

On Friday at night as every night Turkish occupation army bombarded the villages and areas of Afrin with all means of military war, this time targeted the safe village of Kakhra in the area of Mabata, the village of Kakhra is now double inhabited by the its indigenous people because of the displacement from the villages and areas of Afrin. Despite the knowing of the Turkish occupation army that the village is inhabited by civilians, it targeted it on Friday at 3:00 am by scouting aircraft, causing the injury of 5 civilians and the killing of one civilian.
